THE COHEN CO. THE COHEN CO.

LOUDOUN.

Damage from Lightning and Hail-Took Prizes. LEESBURG, VA., June 2 .- (Special.) -

Great relief to crops has been afforded by the fine rains of this week, but much camage, too, was done to wheat and forests by the high winds and hail.

forests by the nigh winds and hall.

On Wednesday evening the dwelling of Mr. G. W. Davis, on the Aldie turnpike, was struck by lightning, and though considerable injury was done, the immates suffered only slight shock. The storm did great damage also in and around Aldie. The fine wheat-field of Mr. John Ball, near Woodburn, was so riddled by hall as to be considered an almost total loss, while that on "Mountain View." the property of Samuel Brown, is said to be in a similar plight. In that section of Loudoun the destruction seems to have been greatest.

The East-End Fuel Company was chartered to-day, with a capital of \$10,000. The Hampton Gas Company was chartered to-day by Judge Baker P. Lee, with a capital of \$50,000. The officers of the company are J. C. Robinson, president; J. W. Hope, vice-president; James Sclater, Jr., secretary and treasurer. The company has asked for a franchise, and expects to get it next week.

Charlottesville Notes.

CHARLOTTESVILLE, VA., June 2.—
(Special.)—Two negro tramps were arrested this morning in a freight-car on the Chesapeake and Ohio yard. One of them had found certain articles of apparel in the freight, and had appropriated and put on several new linen shirts. They filled their pockets with fine French candles, and seemed to have no scruples as to using any of the freight with which the car was filled. One of the men claimed to be from Richmond and the other from Lynchburg.

Mr. J. O. Kent and Miss Viola Young, both of this city, were married last evening. ning.
Mr. Tinsley Dickerson, of Greene county, and Miss Ollie Herring, of Albemarie, were married in this city yesterday.

Fired by Lightning.

NORFOLK, VA., June 2.—(Special.)—
During the heavy storm of last night lightning struck the boat-building plant of Mr. E. B. Shea, up Scott creek. The building contained a large quantity of timber and some hay, and burned furiously, the flames communicating to a second building, in which was a fine sloop yacht, that would have been completed and ready for launching in a few days. This shed and boat were entirely consumed, and the loss amounts to thousands, with an insurance of only \$80.

Death of a Veteran.

EMPORIA. VA., June 2.—(Special.)—Mr. William Lee died at his residence near here a day or so ago. Mr. Lee had long been a sufferer from a cancer, and bore his affiletion with great fortitude. He was a gallant soldier in the war between the States, and was at the time of his death a member of Chambliss-Barham Camp, No. 67, C. V.

tircensboro' Dispensary. GREENSBORO', N. C., June 2.—(Special.)—A temporary restraining order has been granted by Judge Timberiake against the dispensary, which was to open July 1st. The order is to be returnable June 21st. CHEERFUL ADVICES

TRADE RETURNS FOR MAY SHOW LARGE RETAIL BUSINESS.

CURRENT IMMENSE

ACTIVITY.

Shown in Continued Good Increases in Gross Railroad Earnings-Southern Reports.

NEW YORK, June 2.-Bradstreet's tomorrow will say: Holiday observances and warmer weather have worked toward a smaller aggregate of speculative transactions, and less pronounced acweek, while naturally stimulating retail business at most centres, a point which is full of interest to wholesalers in view of possible reasserting demand and new business for fall account. Current bank clearings reflect the former influences in considerably reduced totals for the week, while cheerful advices as to the by very large bank returns for the month second only in fact to the monthly totals of January and March, the latter holding the record in this respect. The favorable effect of the immense current industrial activity and consumptive demand offsetting the smaller tonnage of cereals low as compared with a year ago, is found in the continued good increases in gross railroad earnings. Net returns are, it is true, not quite so relatively favor-able, but it is to be recalled that com-parisons now are with specially good re-

ports a year ago. IRON AND STEEL

In industrial lines the demand for and strength of iron and steel are the most strength of fron and stee, are the most interesting features. Heavy sales of the cruder forms are reported this week for fall delivery, and prices are higher all around, from 50 cents to \$1 per ton on pig-

from 30 cents to \$1 per ton on pig-iron, and nearly all classes of steel, rails, and finished products generally.

Further progress in the consolidation movement is reportable in this industry, a number of tube-mills having pooled their interests. Fears that recent heavy price advances will disastrously affect our export trade in manufactured iron our export trade in manufactured from and steel still lack confirmation, a fea-ture, in fact, being the placing of a good-sized order for pig-iron at full rates for export to Germany. Reports that prices have checked domestic industry seem to be rather on a question of delivery than ne of enhanced value

THE CEREALS AND COTTON. Rather more speculative interest has seen observable in cereals, particularly wheat, this week. A sharp advance oc-curred early on reiterated reports of in-sect damage to the winter-wheat crop, and less favorable advices from Russia and other countries, but a reaction occurred later on, thus pointing to the speculative position having temporarily been overbought. Heavier shipments from Northwestern points are taken to indicate confidence in a full yield of spring

Cotton has been rather dull, though firm, the strength of manufactured goods acting as a balance to rather better crop advices, though it is to be noted that too much rain is complained of in some sec-tions, and too little moisture is reported in others. Advices from any cities of great activity in building find confirmation in the continued heavy demand for lumber, building hardware, and other materials. Prices of the former staple are firmly held, and the only indicated changes are in an upward direction.

SHOES, WOOL, SUGAR. Advices from the shoe trade are favor-able, and leather and hides are firm. The wool trade is in an interesting posi-

ion just at present, because manufacturers are still backward in placing or-lers, and the recent speculative buying has not reduced domestic stocks mate rially. The reverse is true, however, of stock of foreign wool, which have been depleted by recent re-exports of Australian sorts. Refined suger is in especially good de-

mand, and the advance of the fruit sea son foreshadows a large business in the Business fallures are down to a low

summer minimum, numbering only 129, against 158 last week, 178 this week a year ago, 192 in 1897, and 236 in 1896 and

LUMBER.

At eastern markets, lumber is very generally active at wholesale, but scarcity of material, and in some cases. the higher prices demanded, are reported to have checked operations at Philadel-phia. Wool is steady at Boston, holding advances made earlier, and cotton goods are quiet, but strong. The same is true at New York, where confidence and satis-faction are features noted in many lins of business. Business in lumber at Pittsburg passes all records, and all the iron and steel mills are on double time. Features at the West are the strength of iron at Chicago, where 100,000 tons of pig have been sold in two weeks, and lumber prices are at the 1892 level. St. Louis reports a satisfactory volume of jobbing trade in May, cattle active at good prices, and a satisfactory summer business in dry goods foreshadowed. Metals are strong and active at Cleveland, while Kansas City reports generally good trade and collections, but with agri-cultural implements rather slow of sale.

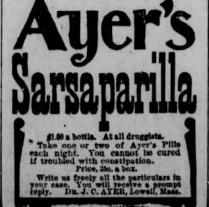

SOUTHERN ADVICES. Southern trade advices are fairly good. Atlanta reports an increased busi May over a year ago, except in fertilizers in which the sales of the season the season are 20 per cent, smaller than last year and estimates of the Georgia cotton acreage point to a reduction of at least 15 per cent. Little Rock reports rains hurting crops and non-resident fire insurance companies are again writing busi-ress in Arkansas. Rain is reported needed in New Orleans, where reports are for a rather bad stand for cotton. The sugar crop this year is estimated at 173-000 tons. At Birmingham, iron has been drawn down to the lowest point on the Northwest, where the business and crop outlooks continue favorable. On the Pacific coast, an average wheat crop is indicated in California, but in Oregon

Is This Your Story?

"Every morning I have a bad taste in my mouth; my tongue is coated; my head aches and I often fee! dizzy. I have no appetite for breakfast, and what food I eat distresses me. I have a heavy feeling in my stomach. I am getting so weak that sometimes I tremble, and my nerves are all unstrung. I am getting pale and thin. I am as tired in the morning as at night."

What is the trouble? Impure blood.

What is his remady?

warmer weather is needed to help crops. Portland reports a heavy run of salmon. GRAIN EXPORTS.

GRAIN EXPORTS.

Cereal exports begin to show an improvement. Wheat, including flour, shipments for the week aggregate 3,596,-065 bushels, against 3,193,319 last week, 5,248,086 bushels in the corresponding week of 1898, 2,620,083 bushels in 1897, 3,-209,865 bushels in 1896, and 2,901,763 bushels in 1895. Since July 1st this season, the exports of wheat aggregate 212,065,438 bushels, against 216,145,064 bushels last year. Corn exports for the week aggregate year. Corn exports for the week aggregate 3,922,497 bushels, against 2,845,818 bushels last week, 6,905,423 this week a year ago, 2,396,733 bushels in 1897, 1,623,314 bushels in 1896, and 1,149,510 in 1895. Since July 1st, this season, the corn exports aggregate 156,800,536 bushels, against 181.-923,017 bushels, during the same period a 923,017 bushels during the same period :

BUSINESS IN CANADA. A good average business is being done in the Dominion of Canada. Toronto re-ports trade retarded early in the week by cold and wet weather, but improved later by warm weather.

18, aguinst 23 a year ago, 21 this week a year ago, 37 in 1897, 29 in 1896, and 27 in

WILLIAMSBURG.

The James City Election Muddle-Personal Points.

WILLIAMSBURG, VA., June 2.—(Special.)—The political muddle in James City wild. MSBURG, VA., June 2.—(Special.)—The political muddle in James City has increased considerably within the last twenty-four hours. On last Tuesday the James City and Williamsburg election commissioners, at an adjourned meeting held here, awarded certificates of election to the candidates returned elected. On yesterday evening J. R. Bush, R. V. Timberlake, W. E. Davis, and Alexander Coles, styling themselves the legal commissioners of election for James City to canvass the returns from the late election, assembled at the court-house, organized by electing R. V. Timberlake chairman and J. R. Bush elerk (the Clerk of the court not being present), and went over the entire returns from James City, throwing out Jamestown Precinct, No. 2, and declaring the following elected: W. W. Ware, Sheriff; R. T. Armistead, Commonwealth's Attorney; Thomas G. Wynte, Treasurer; Thomas H. Geddy, Clerk, and S. S. Hankins, Commissioner, Mr. M. R. Harrell was given the certificate of election as Sheriff on last Tuesday by the town and county commissioners. So now both Harrell and Ware hold certificates, each claiming to be Sheriff. The matter will be taken before the courts for settlement.

A telegram was received here this

A telegram was received here this morning announcing the death of Mr. William D. Peachy in Washington late yesterday. Mr. Peachy was a native of this place, but for many years had resided in the Valley of Virginia, and later in Washington, where for a long time he had held the position of Chief of the Registry Division of the Washington City Post-Office. He was 56 years of age, and carly in life married the daughter of General Meem, of Mt. Jackson, who survives him with several children. Thomas G. Peachy and A. C. Peachy, brothers of the deceased; Mrs. John B. Spencer, a sister, and Dr. Richard A. Wise, a brother-in-law, left last night for Washington to attend the funeral, which will take place to-morrow evening.

place to-morrow evening.

Mrs. Mary F. Jones, of Ashland, is visiting her relative, Mrs. Lizzle Harrison.

Mrs. Edward Monier was taken suddenly ill to-day with cramps. She is easier to-night, but yet very sick.

Accidentally Shot.

Accidentally Shot.

YORKTOWN, VA., June 2.—(Special.)—
A young negro woman employed by Mr.
I. B. Amory as cook in his family, was
shot and painfully injured by his little
8-year-old son a few days ago. The child
was fooling with an unloaded revolver,
and snapped it two or three times at the
cook, when the weapon went off. The
woman is dangerously injured.

Death in Petersburg. PETERSBURG, VA., June 2.—(Special.)
Mr. P. J. Klimartin, aged 31 years, died
at the residence of his brother, on Washington street, this evening. Deceased was
exceedingly popular. He had been in
delicate health for some time, butsonly
gave up his business a few weeks ago.
Then he took an extended trip, but was
not benefited.

Broke His Thigh.

DWALE, VA., June 2.—(Special.)—Your correspondent has just learned that O. W. Powers, a well-to-do farmer of Crane's Nest, in this county, had the misfortune to get his thigh broken. He was riding along the road when his animal stumbled and fell.

McCullough Gets the Decision, SAVANNAH, GA., June 2.—McCullough, of Birmingham, Ala., received the desision in his fight with Corcoran in the heatre to-night. Corcoran fouled him in the twelfth round. Honors were about yen. The purse was \$500.

Bank and Eleventh streets. WHEN REAL ESTATE IS SOLD THE TAXES FOR THE CURRENT CALENDAR YEAR ARE TO BE PAID PRO

ing 127 feet on Canal street, running over 185 feet.

Owing to the peculiar topography of this lot, having at its front the old James River and Kanawha basin, from which a good supply of water might be obtained, and having about 30 feet in its rear, the water gates of the old canal, which are about 60 feet below lovel of the hasin, affords an opportunity, at a small cost, to obtain suitable water-power for manufacturing purposes.

Railroad tracks and sidings can be easily arranged for both the canal and Eleventh-street frontage of this property, rendering it also very desirable for an elevator, warehouse, factors, or any
